

Overview of Hotels – Week 2 Spring Seminar: e.g., 23 – 29 March 2024

We would like to provide a list of hotels and locations outside of Cologne that may offer more affordable accommodation options. During our seminar week, there is a major trade fair in the city, which has significantly increased room prices.

Please note that this list is provided as a guideline only—prices and availability can change daily. Our aim is to highlight locations that you might not have initially considered but are still conveniently connected to Cologne with direct, no-transfer public transport options.
