

The GESIS Community Data Collection

Meet the Experts – GESIS online talks

Data Services, Data Archiving, and Research Data Management

Dr. Alexander Jedinger, October 12, 2023

Speaker

Dr. Alexander Jedinger

- Alexander Jedinger is a Senior Researcher at GESIS Leibniz Institute for the Social Sciences and deputy team leader of the team “Archiving.” As a political scientist with an interdisciplinary orientation, his research focuses in particular on political attitudes, ideologies, and intergroup relations.
- Contact: alexander.jedinger@gesis.org

Outline

- Background
- The GESIS Community Data Collection
- Finding and Accessing data of the Community Data Collection

Data Services for the Social Sciences

DEPOSIT DATA

Digital preservation of research data

Service provider for primary investigators for archiving, documentation and dissemination of data and creation of added-value products

FIND DATA

Provide access to international research data

Permit secondary analyses, replications and comparisons across time and space

RDM TRAINING

Consulting services for projects and institutions on research data management

Offers courses and workshops on research data management for social scientists

GESIS Data Collection

 <p>ALLBUS Allgemeine Bevölkerungsumfrage der Sozialwissenschaften</p>	 <p>FreDA Das Familien- und demographische Panel</p>	 <p>GESIS-Panel A Probability-Based Panel for the Social Sciences</p>
 <p>PIAAC Programme for the International Assessment of Adult Competencies</p>	 <p>GLES German Longitudinal Election Study</p>	 <p>CSES Comparative Study of Electoral System</p>

	 <p>ZDF Polit- barometer Politbarometer Survey Series</p>	

GESIS Community Data Collection

- A stock of high-quality research data (5,000+) from various fields which represent a rich spectrum of content and methods.
- Defined as studies from the research community that are conducted without the direct participation of GESIS.
- Available to users for secondary analysis, training, teaching, and replications.

Finding Data

The screenshot shows the GESIS Search website interface. At the top, there is a navigation bar with the GESIS logo and Leibniz-Institut für Sozialwissenschaften. To the right of the logo are links for Login, German, Contact, FAQ, and Watchlist (0). Below the navigation bar is a search bar with the placeholder text "GESIS durchsuchen...". Underneath the search bar are dropdown menus for Services, Research, and Institute. The main content area is titled "GESIS Search" and contains the following information:

- 895,813 Hits
- Research data (64,656)
- Variables (553,968)
- Instruments & Tools (511)
- Publications (132,275)
- GESIS Library (136,583)
- GESIS Webpages (7,820)

The main text area describes the search results and provides filtering options:

Find information about social science research data, publications on research data as well as open access publications. Links between contents are displayed directly in the hit list. For example, you can find matching publications to the research data found.

The results can be filtered quickly and conveniently according to the following categories:

- Research data
- Variables from questionnaires
- Instruments and tools
- Literature
 - Publications on research data and survey instruments
 - Open-access Publications in the Social Sciences
 - Literature on "Women in Science and Research"
- Collections of the GESIS library
- General information and offers on the GESIS websites

Thüringen-Monitor 2000-2022

[Schmitt, Karl](#); [Best, Heinrich](#); [Reiser, Marion](#)

GESIS, Cologne. ZA6345 Data file Version 7.0.0, <https://doi.org/10.4232/1.14191>

Abstract: The Thüringen-Monitor is a representative population survey on political culture in the Free State of Thuringia that has been held annually since 2000. It contains fixed and changing questions. The Thuringia Monitor is commissioned by the Thuringian State Chancellery (Erfurt). A particular focus is on research into right-wing extremist attitudes, acceptance of democracy, satisfaction with democracy and the institutional trust of the Thuringian population. The basic population is the electorate of the Free State of Thuringia. By 2022, a total of 22 survey waves with at least 1,000 ... [more](#)

Content: Sociodemography: age (year of birth); sex; occupational status; length of unemployment (in months); unemployment longer than six months since the fall of communism; employment in the public sector; occupation; main occupation; highest educational attainment of respondent; highest educational attainment of parents; education of partner; activity of ...
