Conference Program

8th European User Conference for EU-Microdata

March 16 – 17, 2023

Location:

University of Mannheim
Schloss Ostflügel
Bismarckstraße 40
Fuchs-Petrolub-Festsaal
Mannheim, Germany

Organized by
German Microdata Lab, GESIS
in cooperation with Eurostat

The [8th European User Conference for EU-Microdata](#) provides an international forum for the exchange of research based on EU-SILC, EU-LFS, AES, CVTS; SES, CIS, EHIS and HBS data. The aim of the conference is to bring together researchers working with EU-Microdata not only to encourage the discussion within the research community on both substantive and methodological issues, but also to offer researchers the opportunity to give feedback to Eurostat. The conference offers furthermore the possibility to discuss needs of the research community with Eurostat. Researchers of all disciplines who are interested in EU-LFS, EU-SILC and/or other European microdata disseminated by Eurostat are encouraged to participate.

Topics to be addressed at the 8th European User Conference include Covid-19, health, labour market, gender, poverty, innovation processes, environment and energy, and methods.

Participation in the conference is open to all researchers interested in EU-Microdata or in the topics of the conference.

The conference fee is EUR 120. Registration is needed.

Online Registration: [here](#)

For any further questions please contact the local organizer of the conference [Heike Wirth](#) and [Klaus Pforr](#).
