

Call for Applications: EUROLAB Grants

EUROLAB is pleased to invite applications for one month research visits at its research lab in Cologne. Individual researchers who want to work on [data available at GESIS](#) may apply for support to access EUROLAB for a period of one month from **January to December 2020**.

Successful applicants will receive a travel grant that covers travel costs (economy class, up to 500 euros for short-haul flights and up to 900 euros for long-haul ones) and accommodation.

During their stay, visiting researchers will profit from [a wide range of services](#) including an individual workspace, access to data and to GESIS library with various online databases, as well as direct contact to GESIS experts.

Interested candidates have to apply by using our [online application form](#) and upload their CV and a research proposal of up to two pages. An international selection panel will evaluate the applications on a competitive basis. The applications will be assessed depending on the expected scientific merits of their projects.

Deadline for applications is October 15th, 2019.

Further details on the eligibility criteria and application procedure can be found [here](#).

Applications for self-funded research stays are accepted all year round.
