**INTRODUCTION**

I will be asking questions about working, studying and job-seeking. The questions concern last/the week before last week (week no. xx) , in other words, the week from Monday dd/mm to Sunday dd/mm/yyyy.

**KA1**

Did you do paid work for at least one hour as employee, self-employed, own-account worker, unpaid family worker or on a farm last/the week before last week?

(week xx, i.e. dd/mm – dd/mm/yyyy)

1. Yes → T1
2. No → KA2
DNK → KA2

If on holiday for the whole week or temporarily absent from work, note down "no".

Paid work means work done as employee, self-employed or own-account worker, inclusive of agricultural work. Volunteer work or caring for a relative is not gainful work.

If KA1 = 2, DNK

**KA2**

Did you work without pay in an enterprise or on a farm belonging to a member of your household during last/the week before last week?

(Concerns week xx, i.e. dd/mm – dd/mm/yyyy)

1. Yes → T1
2. No → KA3
DNK → KA3

If on holiday for the whole week or temporarily absent from work, note down "no".

If KA1 = 2, DNK

**KA3**

Do you have a job from which you were absent for the whole week?

(Concerns week xx, i.e. dd/mm – dd/mm/yyyy)

1. Yes → T1
2. No → M1A/M1B
DNK → END → to non-response

Always note down “Yes” if a valid employment contract exists even if a long absence is concerned, such as maternity, paternity or parental leave, full-time child care leave, job alternation leave, study leave, etc.

An unpaid family worker can also be temporarily absent from work.

If KA1=1 or KA2=1 or KA3=1

**T1**

Did you have one or several jobs (during last/the week before last week)? Include also the jobs from which you were temporarily absent for the whole week.

(Concerns week xx, i.e. dd/mm – dd/mm/yyyy)

1. One job → KA4/T4
2. Several jobs → T2
DNK → KA4/T4

Incl. the jobs from which was temporarily absent because of e.g. illness or holiday.

An employee has several jobs if he/she has more than one employer or paymaster. A self-employed person can also have more than one businesses in the same field or a secondary job as an employee. An unpaid family worker can also be temporarily absent from work.
If $T_1 = 2$

**T2. How many jobs did you have?**

- (enter number from 2 to 8) → $T_{3U}/T_4$
- DNK → $T_{3U}/T_4$

If more than 8 jobs, enter 8 as the number.

Incl. the jobs from which was temporarily absent.

An employee has different jobs if he/she has several employers or paymasters. A self-employed person can also have more than one businesses in the same field or a secondary job as an employee.

If $T_1 = 2$

**T3intro Because you have several jobs, please select one of them as your main job. I will call the other(s) your secondary job(s).**

→ $T_{3U}/T_4$

Main job is the one on which most time is spent or from which biggest pay is received or which is continuous or permanent, or matches education best.

If ($K_{A1} = 1$ or $K_{A2} = 1$) and $T_1 = 2$ (Working during survey week, several jobs)

**T3U During last/the week before last week, did you:**

1. Work in both your main and in (at least one of ) your secondary job(s)
2. Work in only your main job (absent from secondary job) or
3. Work in only your secondary job(s)?
- DNK

Keep asking until suitable alternative is found.

(Concerns week xx, i.e. dd/mm – dd/mm/yyyy)

If absent from all jobs, return to question $K_{A1}$.

If $T_1 = 1$, DNK and $K_{A3} = 1$ (Employed with one job, absent for the whole week):

**KA4 Why were you absent from work or otherwise on leave for the whole of last/the week before last week? Was the main reason:**

If $T_{3U} = 3$ (Several jobs, absent from main job for the survey week, but worked in secondary job) or $T_1 = 2$ and $K_{A3} = 1$ (Several jobs and absent from all of them for the survey week):

**KA4 Why were you absent or otherwise on leave from your main job for the whole of last/the week before last week? Was the main reason:**

1. Temporary lay-off (employee) → $L_2$
2. Shortage of work or orders due to production reasons
3. Strike or lockout
4. Study leave
5. Own illness or accident → $K_{A7}$
6. Caring for own children or other relative → $K_{A5}$
7. Annual holiday or leave in lieu of holiday pay
8. A day or week off (e.g. in period-based work, shift work, part-time work, part-time retirement, as paid time-off to compensate for loss of earnings due to shortened working hours, time off to compensate for overtime, seasonal work)
9. huono säili?
10. varusmiespalvelu tai siviilipalvelu → alarm
11. Other reason (e.g. unpaid leave of absence or job alternation leave for some other reason)

Keep asking until a suitable alternative is found.

If several reasons for absence, select the one having caused the highest number of hours of absence.

(Concerns week xx, i.e. dd/mm – dd/mm/yyyy)

**ALARM if $K_{A4} = 10$** "You marked $K_{A4} = 10$, was the respondents really performing conscription or community service during the survey week? If so, return to correct question $H_7$, otherwise select some other reason for absence than alternative 10."

If $K_{A4} = 6$, i.e. cared for a child or some other relative

**KA5 During last/the week before last week, were you:**

1. On maternity or paternity leave
2. On parental leave
3. On full-time child care leave from work or
4. On temporary care leave from work to look after a sick child
5. Or otherwise caring for children or some other relative?
DNK

Alternatives 1-4 are statutory family leave entitlements for parents of small children.
Maternity leave: mother’s leave of approximately 3 months in connection with the birth of a child.
Paternity leave: fathers can take a leave of at most 54 working days flexibly before the child's birth
Parental leave: until the child is 9 months old; can be taken by either mother or father.
Child care leave: Leave for the purpose of looking after a child aged under 3 at home; can be taken by either
Father or mother.
Temporary child care leave: right for a few days’ absence from work because of acute illness of child.
If these family leaves are not concerned (e.g. the person has otherwise taken time off to care for a sick
relative).

Laid off (If KA4=1)
1. Have you been laid off:
   1. For a fixed time period with an agreed date of return to work → KA6
   2. Or until further notice? → KA6
DNK → KA6

If absent from work for the whole week KA4=5 and (KA3=1 or (T1=2 and T3U=3)

KA6 Were you absent from your (main) job on any day(s) during last/the week before last week because of your own illness or injury?
1. Yes → KA7
2. No
DNK

Only absences of full day(s) are taken into account.
(Concerns week xx, i.e. dd/mm – dd/mm/yyyy)

If absent from work for the whole week and KA4=5 or KA6=1

KA7 How many days were you absent from your (main) job during last/the week before last week because of illness or injury?
_ working days absent from main job in week xx because of own illness or injury.
DNK

Only absences of full day(s) are taken into account. If not absent for a single full day, return to correct answer to question KA6.
(Concerns week xx, i.e. dd/mm – dd/mm/yyyy)
Check: Accepts 1 – 7 days

DNK

Hiring of labour means that a personnel service agency provides its own employees for its customer enterprises. The work is done with the equipment and at the premises of the customer enterprise, which also supervises the work. The personnel service agency is responsible for the remuneration, social security contributions and statutory insurance contributions of its employees.

If T5P=1 (hired worker):

T6A Through which staff hire agency did you get your job?
Name of personnel service agency: ________________________________

The data are needed for the coding of industry.

If T5P=1 (hired worker):

If employee or unpaid family worker (T4=1, 5, 6, 7 or DNK)

*T6 What is the name of your place (or establishment) of work?
Name of place of work/enterprise: ________________________________  → T7

DNK

If an enterprise with multiple establishments is concerned, ask for the name of the establishment (not the employer). The data are needed for the coding of industry.

For a hired worker enter the name of the place of work where he/she worked during the survey week (not the personnel service agency).

If scholarship recipient, enter name of respondent as name of enterprise.

Alarm, if the same employer is offered as in question T6A: Is the one and same place of work really concerned? The name of the staff hire agency was asked for first and then the place of work where the respondent actually worked.

If the person is unable to report his/her monthly income but is able to estimate his/her annual income, ask him/her for it and divide it by twelve.

Estimate, if does not remember or know exactly.

*Alarm if offered monthly income exceeds EUR 9,999: Check whether you noted down monthly income correctly. You have now noted down EUR xxxxx.*

### SECOND JOB

If \( T1=2 \)

**S1intro** I will next ask questions about your (most important) secondary job.

3. Or a grant recipient?

If \( S1=2, 3 \) or 4

**S2** Do you have paid labour force?
1. Yes
2. No
**S2P** Are you a hired worker in your secondary job?

1. Yes
2. No

**DNK**

Hiring of labour means that a personnel service agency provides its own employees for its customer enterprises. The work is done with the equipment and at the premises of the customer enterprise, which also supervises the work. The personnel service agency is responsible for the remuneration, social security contributions and statutory insurance contributions of its employees.

---

If S2P=1

**S3** The next questions concern the secondary workplace where you worked during last/the week before last week. Note that they do not concern the personnel service agency which employs you.

**DNK**

If T1=2

**S3** What is the name of the place or establishment of your (most important) secondary job?

Name: ________________________________

**DNK**

If an enterprise with multiple establishments is concerned, ask for the name of the establishment (not the employer). The data are needed for the coding of industry.

If T1=2 and S1=1,5-7 or DNK

**S4** In which municipality is your secondary job located?

---

**S5** What is the street address or other more precise address of this place of work?

Open answer, no more than 50 characters of text.

DNK

Necessary if the same employer has several establishments in the municipality. The data are needed for the coding of industry.

If S4= 200 (abroad) and S1=1,5-7 or DNK:

**S6** In which country is your secondary job located?

If S4=200 (abroad) and S1=2–4

**S7** What is the industry of the place of your secondary job?

If self-employed (S1=2–4)

**S7** What is the industry of the enterprise of your secondary job?

Open answer, coded at the statistics unit

DNK

Industry describes the activity which the establishment primarily engages in.

The information is needed as auxiliary data in the coding of industry, so must be recorded at sufficiently detailed level. To assist, the interviewee could be asked what his/her workplace produces, does, sells or manages.
For example, manufacturing of metal pipes, road construction, ladies’ clothing store, staff restaurant, old people’s home, hospital, comprehensive school.

If $S1=2$ or 5

Respondent’s normal weekly working hours in main job are _ _ _ hours (hours from question TA17, TA18P, TA18Y or TA19).
