### Part I. WORK RELATED HEALTH PROBLEMS SUFFERED DURING THE LAST 12 MONTHS (excluding health problems caused by accident which happened during the last 12 months)

#### 10 Was your most recent accident at work a road traffic accident (excluding accidents that happened inside the premises of the company on non-public roads within the factory area or construction site)?
- yes
- no

#### 11 Did the last accident at work that you had happen in:
- main current job
- additional current job
- last job (I don’t work)
- job performed last year other than the current one
- some other job

#### 12 How long were you unfit to work because of the most recent accident at work *(excluding the day of accident)*?
- less than one day or no time off
- at least one day but less than four days
- at least four days but less than two weeks
- at least two weeks but less than one month
- at least one month but less than three months
- at least three months but less than six months
- at least six months but less than nine months
- between nine and twelve months
- I’m still off work because I have not recovered yet, but I expect to resume work later
- I’m still off work, but I expect never to work again because of this accident

### Part III. WORK RELATED HEALTH PROBLEMS SUFFERED DURING THE LAST 12 MONTHS (excluding health problems caused by accident which happened during the last 12 months)

#### 13 Did you suffer health problems within last 12 months (e.g. disease, disability or other physical or mental problems) which were caused or made worse by the job you have done so far?
- yes
- no

#### 14 How many of these problems have you suffered?
- one
- two or more

#### 15 Which was the type of the most serious health problem? *(please circle only one code)*
- bone, joint or muscle problems which mainly affect neck, shoulders, arms or hands
- bone, joint or muscle problems which mainly affect hips, legs, knees or feet
- bone, joint or muscle problems which mainly affect back
- breathing or lung problems
- skin problems
- hearing problems
- stress, depression or anxiety
- headache and/or eyestrain
- heart disease or attack or other problems in the circulatory system
- infectious disease (virus, bacteria or other type of infection)
- stomach, liver, kidney or digestive problems
- other type of health problem

#### 16 Does the most serious health problem caused or made worse by work limit your ability to carry out day to day activities either at work or outside work?
- no
- yes, to some extend
- yes, considerably

#### 17 What was the job that caused or made worse the most serious health problem?
- main current job
- additional current job
- last job (I don’t work)
- job performed last year other than the current one
- some other job

#### 18 How many calendar days during the last 12 months were you unfit to work because of the most serious health problem? *(all days off work caused by this health problem should be included irrespective whether you had sickly leave issued by a doctor)*
- I’m still off work but I expect to resume work later
- I’m not at work and I expect never to work again because of this health problem
- less than one day or no time off
- at least one day but less than four days
- at least four days but less than two weeks
- at least two weeks but less than one month
- at least one month but less than three months
- at least three months but less than six months
- at least six months but less than nine months
- between nine and twelve months

#### 19 Information was provided by:
- respondent him/herself
- other member of the household
