#### Following questions are focused on accidents and injuries which happened to you in your former job during working time or while performing working tasks e.g. business trip. (We are not asking on commuting accidents.)

1. Have you had any accident at work in last 12 months?
   - yes, one
   - yes, more than one
   - no
   - no, I have not been working for more than one year
   - persons on parental B3/4 or long-term unpaid leave (B5/2)

2. Was your most recent accident at work a road traffic accident?
   - yes
   - no

3. Your most recent accident at work occurred during your
   - main job you worked one year ago (B81)
   - other job

Aim of the question is to know the number of all calendar days for which you were unfit to work because of your the most recent accident at work i.e. during working days, during Saturday, Sunday, holidays, including vacation and unpaid leave.

4. State the total number of days or months (excluding the day of the accident) during which you were unfit to work in your job because of your most recent accident at work in the last 12 months.
   - 0 or less than 1 day
   - 1 to 3 days
   - 4 to 13 days
   - 14 days but less than 1 month
   - 1 month, but less than 3 months
   - 3 months, but less than 6 months
   - 6 months, but less than 9 months
   - 9 to 12 months
   - I still do not work since I have not recovered yet
   - I will probably never be able to work again

#### In the following questions we are going to ask you on your health problems or illnesses (including mental) you have suffered as consequence any of your previous job in the past. We are not asking on health problems related to accidents at work.

5. Have you suffered from health problem which was caused or made worse by your job in the last 12 months?
   - yes, one
   - yes, more than one
   - no

6. State type of your most serious health problem which was caused or made worse by one of your jobs.
   - health problems affecting upper extremities including neck
   - health problems affecting lower extremities including pelvis
   - back and spine health problems
   - breathing and lung problem
   - skin problem
   - hearing problem
   - stress, depression or anxiety
   - headache and/or eyestrain
   - heart disease or attack or other problems in circulatory system
   - infectious disease (virus, bacteria or other type of infection)
   - stomach, liver, kidney and digestive problems
   - other health problem (state type of health problem)

7. Job that caused or made worse your most serious health problem was your
   - last main job
   - main job you worked one year ago (B81)
   - other job

Aim of the question is to know the number of all calendar days you were unfit to work because of your most serious health problem i.e. during working days, during Saturday, Sunday, holidays, including vacation and unpaid leave.

8. How many days or months you were unfit to work because of your most serious health problem in the last 12 months?
   - 0 or less than 1 day
   - 1 to 3 days
   - 4 to 13 days
   - 14 days but less than 1 month
   - 1 month, but less than 3 months
   - 3 months, but less than 6 months
   - 6 months, but less than 9 months
   - 9 to 12 months
   - I still do not work since I have not recovered yet
   - I will probably never be able to work again
   - I do not work due to other reason than most serious health problem

9. Does your most serious health problem limit you in your everyday activities?
   - yes, considerably
   - yes, to some extend
   - no
